NEWS 2024

ZERMATT BERGBAHNEN IS RETHINKING ITS SUMMER SKIING STRATEGY

In connection with its strategy of providing skiing facilities all year round, Zermatt Bergbahnen intends to concentrate its summer skiing operations on visitors from Switzerland and abroad. An improved offering will address the issue of high levels of demand. At the same time, Zermatt Bergbahnen will make a number of glacier training slopes available exclusively for the use of young talent from the ski clubs, regional associations and National Performance Centres from summer 2024. The training provision for elite athletes in all winter sports will be discontinued and reassessed for summer 2025, in line with the decisions of the FIS and the two national federations Swiss-Ski and FISL regarding the World Cup races in Zermatt/Cervinia.

NEW PISTE RESERVATION MANAGER

There has been a change in the piste reservations team as of summer 2024. Mélanie Lauper has decided to take on a new challenge.

Helena Epp will be the new piste reservation manager. She already worked as Mélanie's deputy last year.

NEW CABLE CAR ZERMATT - FURI

Just in time for the start of the winter season, the new Zermatt - Furi cable car opened on 2 November 2024. The modern cabins with space for 100 people glide from the Matterhorn Express station in Zermatt to Furi and offer unique views of the Matterhorn.

Last year, mid-June 2022, the old Zermatt - Furi cable car was dismantled after almost 60 years of running for the Zermatt Bergbahnen and construction works began for the replacement. Around a year and a half later, the new cable car is in operation. In collaboration with the cable car manufacturer Garaventa, the given limited space available in the gondolas was optimally used and technical challenges were mastered with a lot of know-how.

NEW MATTERHORN-EXPRESS VALLEY STATION

The new valley station on Schluhmattstrasse presents itself in the familiar blue colour of Zermatt Bergbahnen. The Sales Points, sanitary facilities, ticket machines and ski lockers are installed on two floors.

The first part of the valley station was completed at the start of the new year. Access to the cable car and the Matterhorn-Express is at ground level and access to the station is barrier-free.

The sales points are back in the main building since 11 January 2024. The ski lockers have been available for use since Christmas, as have the ticket machines and sanitary facilities. From summer 2024, the piste reservation office will also be located in the main building, right next to the ticket offices.

SUMMER TRAINING 2024

SLOPE RESERVATION

RESERVATION

- Requests can be submitted via email to pistenreservation@zbag.ch from 1st May.
- Reservations are confirmed as soon as the down payment of **two thirds of the total amount** is made. For this purpose, the corresponding invoice will be sent to you at the beginning of June. The invoice is issued based on the above-listed rates according to the number of booked slopes and days.
- Deposits can also be made by credit card following the receipt of the down payment invoice.
- The remaining amount must be paid on site at the end of the training camp
- We reserve the right to cancel reservations without notice whose deposits have not been received by us within 15 days of invoicing. The pistes will be rented out further immediately.
- If you want to cancel a reservation, please report it in writing to pistenreservation@zbag.ch.
- In exceptional cases, the Zermatt Bergbahnen AG reserves the right to demand 100% of the reservation amount in advance.
- Once the deposit has been paid, the ski passes and the early ride tickets can be collected from the piste reservation office by 5:00 pm the day before.
- If a deposit is not possible in time, the full reservation amount must be paid in cash or by credit card on the first day of use at the latest.

CANCELLATION

Cancellations must be reported by email. In case of cancellations, the following conditions apply:

- Up to 30 days before the reserved date, 50% of the daily rate will be charged.
- From 29 days before the reserved date, 100% of the daily rate will be charged.

Important: In case of early departure or non-use, reserved slopes will be charged at the full rate according to the reservation, unless they can be rented out further.

CLOSURE

In the event that the required cable car facilities do not open, the rate will not be charged. The same applies if the lifts close before 10:30 am or if it is decided after 10:30 am that the ski area opens. Since the day is not charged, it is not allowed to use the ski passes for other purposes on that day.

In case of disregard, an amount of minimum CHF 400.00, or depending on the used ski passes, the day rate for the slope will be charged.
